

### Warranty Registration

This month's tech tip is a reminder to technicians and warranty administrators. Our manufacturer's warranty provides a 90-day window to register new systems. The warranty begins on the date of installation, assuming the date is within the 90-day window starting from the date the system is shipped from our Eden Prairie facility.

Download the form shown here from our dealer portal and save it to your desktop. When you complete an installation fill out the form and hit the submit button on the bottom of the form.

Don't lose warranty coverage by failing to register the warranty on any new system you install. If you need assistance, please contact our technical support team. In addition our warranty policies are posted in the dealer portal.

The form is titled "Idle Free APU Warranty Registration" and includes the following fields:

- Dealer Name (text box)
- Location (text box)
- Installation POC (text box)
- POC Phone (text box)
- POC e-mail (text box)
- Fleet Name (text box)
- Fleet Address (text box)
- Fleet POC (text box)
- POC Phone (text box)
- POC e-mail (text box)
- Installation Date (text box)
- Today's Date (text box)
- Truck # (text box)
- Truck VIN (text box)
- Truck Make (text box)
- Truck Year (text box)
